

# IT Member Section – Quick Guide

## Document Finder

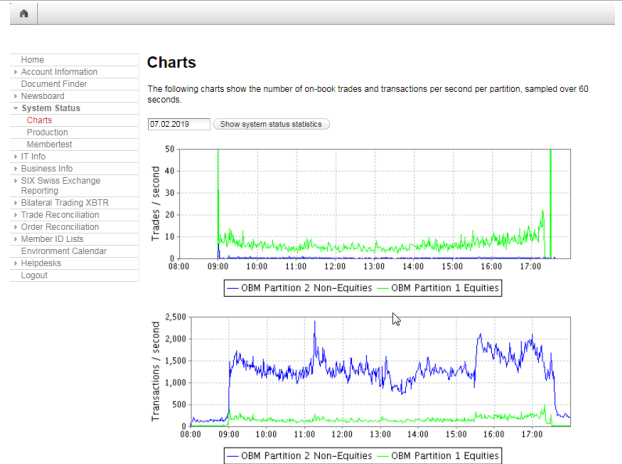

Use the Document Finder page to start a search for a specific document or download item. Use the available filter criteria to further narrow down your search.

In the result list, select documents and download them as a ZIP file.

Date	Type	Title	Version/Number	Valid for	Download
25 Feb 2019	MSC Message	Update of SMR8 Release Notes and Specification Documents	10/2019	<a href="#">QTI</a> <a href="#">IMI</a> <a href="#">OTI</a> <a href="#">STI</a> <a href="#">MDDX</a> <a href="#">RDI</a> <a href="#">TRR</a> <a href="#">SMR8</a>	<input type="checkbox"/> <input checked="" type="checkbox"/>
18 Feb 2019	MSC Message	ITCH Market Data Interface (IMI), New Multicast IP Source Addresses via SCAAP in Production (P01) Environment	09/2019	<a href="#">IMI</a> <a href="#">Connectivity</a> <a href="#">Production</a>	<input type="checkbox"/> <input checked="" type="checkbox"/>

## System Status > Charts

These charts show the number of on-book trades and transactions per second per partition, sampled over 60 seconds.

## System Status > Production | Membertest

Both of these options allow you to view current system status messages and to query older published system status messages in the corresponding environment. Should you wish to receive the status message alerts automatically on publication, you can amend My Subscriptions as required by using the link on this page.

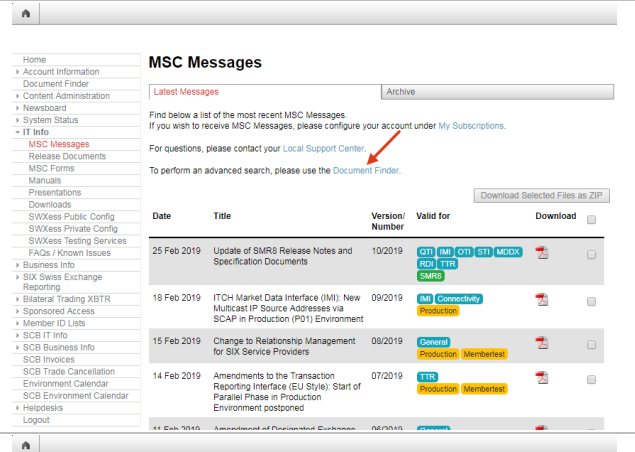

If you have any questions, please contact your Local Support Center:

## IT Info > MSC Messages

On this page you will find the **latest MSC Messages**. The labels indicate for which interface, release or environment the MSC Message is relevant.

 Use the link to the **Document Finder** to search for a specific item.

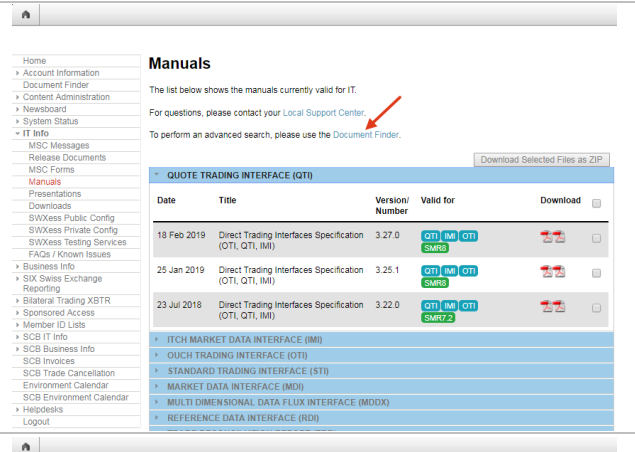

The screenshot shows the 'MSC Messages' section of the IT Info portal. It features a navigation menu on the left with 'MSC Messages' selected. The main content area has a 'Latest Messages' tab and an 'Archive' tab. Below the tabs, there is a list of messages with columns for Date, Title, Version/Number, Valid for, and Download. A red arrow points to the 'Local Support Center' link. A 'Download Selected Files as ZIP' button is also visible.

Date	Title	Version/Number	Valid for	Download
25 Feb 2019	Update of SMR8 Release Notes and Specification Documents	10/2019	QTI IMI QTI STI MDDX RDI TTR SMR8	
18 Feb 2019	ITCH Market Data Interface (IMI): New Multicast IP Source Addresses via SCAP in Production (P01) Environment	09/2019	IMI Connectivity Production	
15 Feb 2019	Change to Relationship Management for SIX Service Providers	08/2019	General Production MemberTest	
14 Feb 2019	Amendments to the Transaction Reporting Interface (EU Style): Start of Parallel Phase in Production Environment postponed	07/2019	TTR Production MemberTest	
14 Feb 2019	Amendment of Participant Exchange	06/2019	CPWERS	

## IT Info > Manuals

On this page you will find all **manuals, specification documents** and **user guides**. The labels indicate for which interface and release the item is relevant.

 Use the link to the **Document Finder** to search for a specific item.

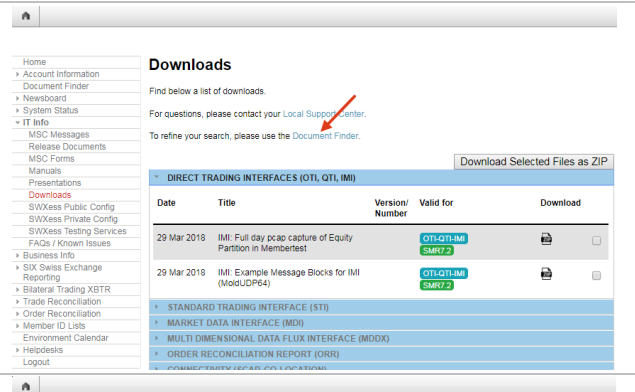

The screenshot shows the 'Manuals' section of the IT Info portal. It features a navigation menu on the left with 'Manuals' selected. The main content area has a 'Manually' tab and an 'Archive' tab. Below the tabs, there is a list of manuals with columns for Date, Title, Version/Number, Valid for, and Download. A red arrow points to the 'Local Support Center' link. A 'Download Selected Files as ZIP' button is also visible.

Date	Title	Version/Number	Valid for	Download
18 Feb 2019	Direct Trading Interfaces Specification (QTI, QTI, IMI)	3.27.0	QTI IMI QTI SMR8	
25 Jan 2019	Direct Trading Interfaces Specification (QTI, QTI, IMI)	3.25.1	QTI IMI QTI SMR8	
23 Jul 2018	Direct Trading Interfaces Specification (QTI, QTI, IMI)	3.22.0	QTI IMI QTI SMR7.2	

## IT Info > Download

On this page you will find all **download objects** such as example files, canned data or software. The labels indicate for which interface and release the item is relevant.

 Use the link to the **Document Finder** to search for a specific item.

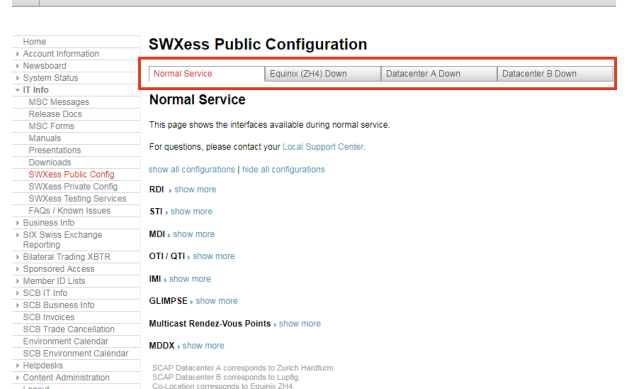

The screenshot shows the 'Downloads' section of the IT Info portal. It features a navigation menu on the left with 'Downloads' selected. The main content area has a 'Downloads' tab and an 'Archive' tab. Below the tabs, there is a list of download objects with columns for Date, Title, Version/Number, Valid for, and Download. A red arrow points to the 'Local Support Center' link. A 'Download Selected Files as ZIP' button is also visible.

Date	Title	Version/Number	Valid for	Download
29 Mar 2018	IMI: Full day pcap capture of Equity Partition in MemberTest		QTI-QTI-IMI SMR7.2	
29 Mar 2018	IMI: Example Message Blocks for IMI (MolouDPE4)		QTI-QTI-IMI SMR7.2	

## IT Info > SWXess Public Configuration

This page provides all the parameters and IP addresses required for each trading and market data interface to connect to the SWXess platform.

Click on the appropriate tab to see the alternative IP addresses for the different business recovery scenarios.

The screenshot shows the 'SWXess Public Configuration' section of the IT Info portal. It features a navigation menu on the left with 'SWXess Public Configuration' selected. The main content area has a 'Normal Service' tab and an 'Archive' tab. Below the tabs, there is a list of configurations with columns for Name, Service, and Location. A red box highlights the 'Normal Service' tab. A 'Download Selected Files as ZIP' button is also visible.

Name	Service	Location
Normal Service	Equinix (ZH4) Down	Datcenter A Down
		Datcenter B Down

## IT Info > SWXess Private Configuration

This page provides the private configuration data for each participant, including round trip statistics and details about SCAP and co-location connections as appropriate.

## IT Info > SWXess Testing Services

This page provides access to pre-prepared data collections that SIX provides to assist participants in testing their own trading and market data applications in the Memberstest environment.

## IT Info > FAQs/Known Issues

This section provides a list of frequently asked questions (FAQs) and Known Issues regarding connectivity, interfaces and other technical topics. FAQs and Known Issues are updated regularly.
